

Help Us Bring a Dream to Life:

A Nature Play Area

The vision: a welcoming outdoor space on our beautiful campus where young children can play freely and safely in nature. The Library and community members have developed a plan for a natural area of play elements located near the Children's Room.

Your Gift Can Make This Dream Come True

- Natural cedar-post fence for safety
- Welcoming arbor for shade
- Benches for parents and caregivers
- Sand box area
- Outdoor creative kitchen table
- Stump circles
- Balance boards
- Stone dust pathway

A gift of \$25 supports a stump

Stumps of different heights create opportunities for fantasy play and climbing and balancing challenges.

A gift of \$50 fixes in a fence post

This inconspicuous fence will keep young children safe as they play close to the Library.

A gift of \$75 prepares part of the path

Our walking path will extend to the nature play area, helping parents with strollers reach their destination.

A gift of \$100 brings in balance beams

Balance beams build strength and encourage confidence.

A gift of \$600 will supply a sand box with a cover

Sand boxes provide hours of cooperative play.

A gift of \$900 will convey an outdoor creativity table

From a kitchen to a science lab, an outdoor table inspires creativity.

A gift of \$1,500 will provide a backless bench with a dedication plaque

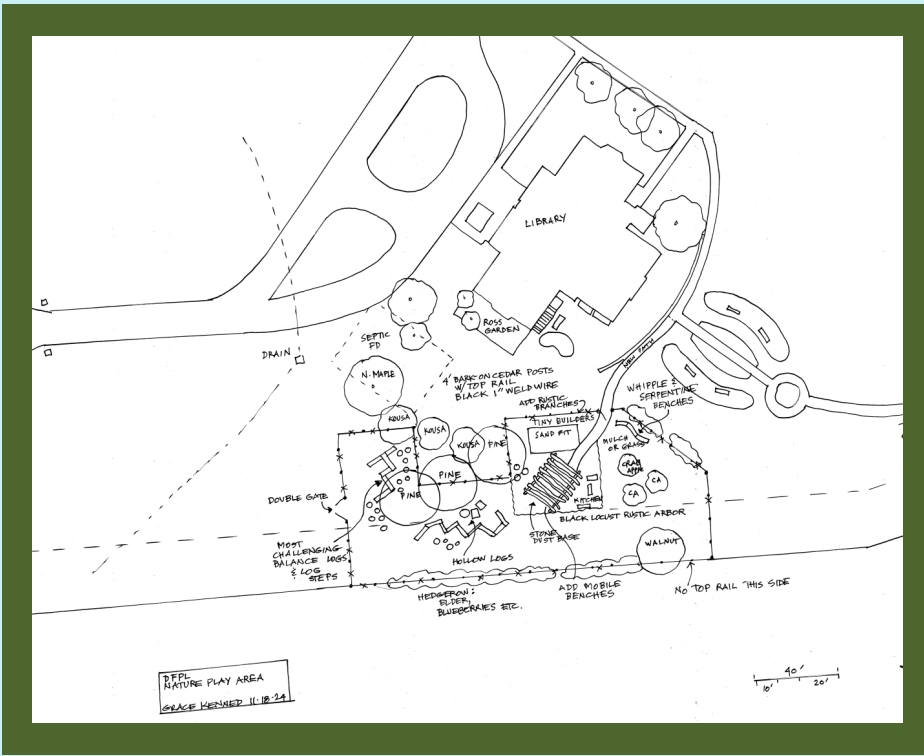

A gift of \$2,500 will provide a bench with a dedication plaque

A gift of \$6,000 will bring to life a natural entranceway arbor

Parents can enjoy sitting on benches under the arbor. The arbor may have a dedication plaque.

The Friends of the
Desmond-Fish
Public Library**

Gifts small and large are also needed to establish a sand and mulch fund to refresh the play area each year.

HOW TO DONATE!

- Visit our website:
desmondfishlibrary.org/playdonate
- Send a check to DFPL, 472 Route 403,
Garrison, NY 10524
- Call Nancy Young at 845.424.3020
- Use this QR Code:
